a.) The proposed activity would...

The proposed activity would be to document with the intent to utilize for education, outreach, and fundraising purposes any potential documentation derived from the activities of the group that voyage to PMNM as a part of Hālau Holomoana, a 30 day Native Hawaiian culture/wa‘a based maritime vocational program. The voyage will give a unique deep sea and culturally rich opportunity to 15 high school juniors & seniors and 10 professional ships‘ crew, instructional kumu, and cultural practitioners. The voyage will focus on developing a deep sense of responsibility to community and cultural practices by weaving together traditional wayfinding, cultural protocol and ceremonial practices, and maritime seamanship skills.

Papahānaumokuākea is a special place where the knowledge of our kupuna is ever present in this remote and rugged environment. Documentation will be captured in the most culturally appropriate and sensitive ways, ensuring protocols are conducted prior to entering the Monument to ensure activities (including documentation type of activities) are done in a respectful and appropriate manner.

Section A - Applicant Information

b.) To accomplish this activity we would ....

Preparation for this voyage is already underway. The ship Makani Olu has been secured. Students and staff are preparing by memorizing Kanaloa and Kane protocols and engaging in discussions and research. We are also working with cultural experts in traditional navigation and cultural protocols and ceremony. Current sail plan is to leave from Kaneohe Bay, site Kauai and Niihau, and continue on to Nihoa and Mokumanamana. Once at Nihoa and Mokumanamana respectively, we will circumnavigate the island and anchor overnight, if time permits. On the return to the main Hawaiian islands, we will site Nihoa and if timing allows we will circumnavigate and anchor overnight.

All individuals onboard will have opportunities to document their experiences and capture pictures and film footage in PMNM. It is our hope that Kānehūnāmoku Voyaging Academy may be able to benefit from potential revenue generated from pictures and other video footage captured while in PMNM.

c.) This activity would help the Monument by ...

Supporting the output of beautiful products from PMNM (pictures, cards, calendars, etc). Such products will aid in "bringing the place to the people" by providing visual pieces and potentially other educational materials from the Monument to people who are unable to go themselves.
